

TREE & BENCH DONATION AGREEMENT

We appreciate your interest in supporting the preservation and beautification of your local parks. By donating a tree or bench, your contribution makes a meaningful impact and creates a lasting tribute for future generations to enjoy.

All donations will be donated through the Tulsa Community Foundation. Donor agrees to donate the amount listed on the following page to the Tulsa Community Foundation. The park improvement will not be ordered until the full donation amount has been received and deposited into the Tulsa Community Foundation fund.

BENCHES

- Costs cover purchase and shipping of the bench and plaque, installation of bench and plaque on concrete footing, and maintenance for the bench's life span - a 10-year period. Maintenance includes general upkeep, repairs to routine wear and tear, and removal of graffiti and minor vandalism.
- Tulsa Parks is not responsible for replacement of bench in the event of destruction due to weather, theft, or significant vandalism; however, donor will be given the option to order a new bench at cost for a reduced rate, to be determined by Tulsa Parks staff.
- After the bench lifespan (10-year period), damage to the bench may be repaired by parks staff; however, if bench has sustained significant damage such that it is no longer usable, it may be removed at discretion of the parks department maintenance staff.
- After the bench lifespan, bench will remain at its location until such time that it is no longer usable or has sustained significant damage.
- Bench will be removed if in such condition that it poses a safety risk for park patrons.
- Bench may be removed if it interferes with future parks projects, utility work, or other construction deemed necessary by Tulsa Parks or other City of Tulsa entities.

TREES

- Costs cover the tree, planting, and maintenance of the tree, as well as the option for placement of a plaque and stake near the base of the tree for an additional cost.
- Tree will be replaced if dead or significantly damaged, within a window of 3 years.
- Parks maintenance staff retains the ability to trim and prune tree as necessary.
- After the 3-year period, significant damage, death, or other circumstances may result in the tree's removal at the discretion of parks department maintenance staff.
- Tree will be removed if it is in such condition that it poses a safety risk for park patrons.
- Tree may be removed if it interferes with future parks projects, utility work, or other construction deemed necessary by Tulsa Parks or other City of Tulsa entities.
